# An introduction to Attachment Informed Practice

# St Peter's Primary School

South Lanarkshire Council Education Resources is committed to improving outcomes for children and young people by creating emotionally supportive learning experiences in our nurseries and schools. The Education Resources Attachment Strategy was launched in March 2019 as a key action in South Lanarkshire's Children Services Plan 2017-20

## What does it set out to do?

The aim of the strategy is to promote better experiences of attachment for South Lanarkshire's children and young people and to ensure that all education practitioners understand the importance of attachment theory and its application and how positive relationships can make a difference to outcomes.
